

Escape Fitness Deck 2.0

£159.00

Product Images

Short Description

A multi functional piece of equipment, the Escape Fitness Deck 2.0 offers three key options for working out. Choose from either a step, a ramp or a simple bench with backrest. With a relatively low cost, you can save money as well as space in your studio or home, whilst not compromising on versatility.

The Escape Fitness Deck 2.0

The key to it's performance is the build quality and it's stability. With superb grip you feel assured and ready to work really hard. The steel tubing that supports the backrest also offers you piece of mind when using as a bench. Finally,

Description

More Than Just A Step Machine

This is a 3-in-1 step, ramp and bench that allows you to look at a huge range of different workouts, exercises and positions for exercising. With a grippy surface, strong steel frame in the backrest and secure footing grips you can feel assured and confident however hard you're working out.

For studios, homes or smaller gyms where space is a premium, or if you like to target a range of different exercises during a workout, the Escape Fitness Deck 2.0 has been designed with you in mind.

This is designed as an all-in-one tool that includes step aerobics, circuits, bodypump, bootcamps, floor exercises as well as all the workouts that involve a bench. With so much versatility you can work on cardio and strength and have 16 possible configurations at your fingertips.

Key Features

- 3 in 1 function
- Stylish and practical
- Grips on feet and top surface
- 15 different configurations possible
- Adjustable angles for platform and bench backrest
- Space saving design & functionality
