Short Description

TREADMILL FEATURES

SOLE Treadmills are built to satisfy and feature only the finest components. From the motors to the rollers, and the belts to the steel, SOLE Treadmills are made for performance. Having been proven in the daily rigorous hotel environment, SOLE Treadmills have the high quality feel you would find at the gym, in a treadmill for your home.

Convenient Speed & Incline Controls

Built-in speed and incline controls in our handrails add ease of use and unparalleled control during your workout.

Sound System with 2 ways Cable

The workout just got easier. The sound system allows for anyone with a music device to be able to listen to their music during their workouts.

Cushion Flex Suspension System

This deck provides our users with a comfortable and quiet workout. In a recent study our cushion flex has proven to reduce impact of up to 40% as compared to running on asphalt.

USB Charging

Now you can charge your phone or mp3 player during your workout with the new USB charging station.

Easy Assist Folding Design

At the flip of a switch the deck will unfold itself slowly without need for assistance, as well as fold back securely and easily into upright position.

Double Horseshoe Folding Frame

The treadmill needed to be as mobile as possible while still providing an efficient workout. Our easy to move design resulted in an all-steel welded frame that is more stable than most non-folding frames.

Mail Order Return Folding F85 Treadmill

Why not save even more money on the much lauded F85 Folding Treadmill. Available before Christmas if you are quick enough, find out more on why this is the perfect buy for most home gyms.

Why Choose The Sole F85?

Want a top of the range folding treadmill with a super wide deck? The Sole F85 treadmill takes some beating. Reviewed as the "best folding treadmill" the F85 is now the number 1 seller in the Sole range. Incorporating all of the features of the F80 with the highest horse power motor (4.0HP), the F85 is a great choice for serious workout enthusiasts.

With a health club size running area of 22" width x 60" length and a cushion flex suspension deck, the F85 is comfortable for any runner to use.

We Recommend Because...

If you want a club quality performance from a home treadmill (at a very reasonable price) then the F85 treadmill is for you. Packed with features including a club style 10" LCD display, handrail speed and incline controls, hand grip and wireless chest strap heart rate sensors, integrated sound system and dual turbo cooling fans you can see why the Sole F85 treadmill is so highly regarded.

Description

Key Features of The F85 Treadmill

The Sole F85 folding treadmill is the top of the range Sole model with a larger and more powerful 4.0 HP whisper quiet motor. With its large 22" foldable running deck, when not in use it takes up a minimal space making it ideal for home use. The F85 is ideal for experienced and serious trainers that want the very best quality and to reach their peak fitness with the 12mph max speeds and 15% incline potential.

The user friendly 10.1" LCD blue backlit screen has the capability to provide multiple displays such as heart rate, distance and speed, and additionally provide an MP3 compatible in-built speaker system to blast your training music from. The dual integrated fans keep you cool during your workout, mimicking the breeze you would feel as if you were outside running.
